

PRAGATI

INFRA INTERIORS PVT LTD

YOUR imagination ...
OUR expertise ...
TOGETHER
WE bring them to reality...

OVERVIEW

ABOUT US

Pragati Infra Interiors Pvt Ltd is a Mumbai - based company established in 1999 by Mr. Sunil Sharma.

We offer end-to-end turnkey interiors & civil contracting services. These services encircle several verticals. They are harmonized and integrated by our project management expertise that provide synergies, along with prompt and quality execution.

We carry out large, quality interior projects in various sectors like Corporate, IT, BPO, Banks, Hospitality, Retail and Healthcare. Every project we undertake begins with a thorough assessment of unique, individual needs in order to create a space that best complements the client's brand image.

Our commercial projects receive an equally rigorous assessment. Knowing what people value in their surroundings helps us create comfortable, efficient and flexible spaces that are insightfully and sensitively designed.

However most important of all, we believe in working with integrity constantly aiming for excellence, which is evident by the repeat business from our esteemed clients. We synthesize our years of experience in the industry with our innovative and experienced team to deliver highest standards in workmanship and quality, customized to suit each client's requirement and budget.

Strength & Proficiency

We have a homogenous mix of technical staff, experienced supervisors and skilled workforce. Our in-house labour team is approximately 550. Also, we have additional teams numbering up to 1000 on call basis. This enables us to deliver multiple projects on a pan-India basis very efficiently.

A factory set-up of 5000 sft. helps us to cater to construction and fabrication of customized items off site. This saves valuable on-site space and time. We have a long-term association with renowned architects who collaborate with us in planning of space and designing the projects. Since mid-2010, we have delivered 7 diversified turnkey fit-out interior projects. These are namely Corporate Offices, Hospitals, Retail centres, Educational institutes and Pharmaceutical labs.

Quality Policy

Our Quality Policy is defined and strongly driven by the following management principles and behaviours:

- Build a mutually profitable relationship with our customers, ensuring their long-term success, through the understanding of their needs.
- Achieve our commitments for quality, cost, and schedule.
- Develop staff competencies, creativity, empowerment and accountability through appropriate development programs and show strong management involvement and commitment.

Our Commitment

- We aim to continually improve the service we provide to meet our clients requirements, to produce finished work that we can justifiably be proud of and to be a service provider of choice.
- It's our constant endeavour to provide outstanding service and product quality every time, to achieve our aims of long term success and sustained improvements.
- We strive to be environmentally sound organization by creating awareness among our team, associates and all stake holders by incorporating the right practices in our executions.

Our Services

We provide a wide range of Interior Design and Fit-out solutions. These are categorized as follows to suit the client needs and offer them flexibility of choice.

- Turnkey fit-out solutions.
- Design and Build solutions.
- Project cost estimation.
- Material sourcing and Procurement.
- Project management services.
- Refurbishing the existing infrastructure

Methodology of Execution

- Sequential planning and procurement of materials.
- Efficient scheduling and effective execution of multiple project activities.
- Cost and time tracking updates provided to a client on regular basis.
- Focused and detailed quality control in all activities done by skilled supervisors.
- Holistic project picture is known to all team members which ensures all energies are directed in achieving one single goal.
- Systematic project closure and handover with all necessary documents and certifications.
